Hi Barbara and Mary,
I'm being asked to certify costs on an OPA site (Slauson Tanker Fire, FPN E19902). We had START doing oversight for both the ER and the Removal – a TDD on START 4 and a TO on START 5. Both should be closed out. Can you give me concurrence that there are no outstanding issues on these TDDs/TOs?

Thank you,

Good morning Ben,

I have been trying to get the costs for this case for some time and now CFC is telling me they are waiting on you to provide them with a POLREP and to certify the costs.

Can you help them out so they can get the costs to me?

Appreciate the help.

Kind regards...and stay safe,

Rich
